

The Long Island Breakfast Club

"Fighting Ageism in the Workforce"

April 2, 2009

Dear Friend of the Long Island Breakfast Club:

On behalf of the Long Island Breakfast Club's Board of Directors, members, and clients; we would like to thank you for the generous donations we received from your organization in conjunction with our Second Annual Charity Event "Hawaiian Luau" to benefit both the Center For Hope at Schneider Children's Hospital and the LIBC.

Our event created a new awareness for the LIBC which states Experience Counts in the workforce. The success was due to your donations both monetary and in kind. We appreciate the effort you gave in launching our second event, while passing on the message of Paying it Forward in the workplace and in business. Please continue our message with friends and family. Our awareness programs can easily be accessed at www.longislandbreakfastclub.org.

We are enthusiastic about building business and personal relationships as well as planning wonderful events for the community. Each person's help to promote our mission of Experience Counts at the LIBC is greatly valued. Friends of the Long Island Breakfast Club make a difference in the community.

Thanks again for your interest and contributions in 2009. Together we can make a difference, one day at a time, one effort at a time. Your friendship and loyalty truly Pay it Forward.
