Dear Mr. Duhon,

I want to thank you. Being in business and trying to make a buck is hard enough without all of the different organizations attempting to get donations from you. Your generous help with our Fund and letting us be part of the Long Island Beer Festival has allowed us to showcase what we do to hundreds of new folks this past weekend..

I want to thank you for taking the time to ensure everything needed to promote our Fund was done. Because of events such as yours, the Terry Fund will continue to support the firefighters who serve our communities. For all of them and especially for myself, thank you, thank you, thank you.

When we started, all of us decided that there would be no paid employees nor any type special benefits for the Directors. We have been able to accomplish that end by the generous support of folks like StarFish Junction and Ed Duhon.

September 11, 2001 may have taken the firefighter but thanks to you we will always have his spirit.

Sincerely, with thanks and friendship

Brian Farrell
