Dear Starfish Junction Productions

Thank you for your kind support of the Freeplay Foundation. Your generous donation of \$100 will be used to help vulnerable children and orphans of Aids in our education projects across Africa.

Distance education by wind up, solar-powered Lifeline radio provides education to children who would not normally be able to attend school. Not only do they learn to read and write but also gain valuable life skills. Where there is no electricity or money to buy batteries, our Freeplay Lifeline radios offer sustained access to valuable information and ease isolation. Children gather in listening groups that provide a substitute for traditional family and community structures. They can hear practical advice such as how to boil water before drinking it and learn about Aids, malaria and TB.

Your donation will make a huge difference in the lives of these children. The Lifeline performs the role of surrogate teacher and provides access to information putting children on the path to a better future.

Thank you again for helping us bring hope to the vulnerable children of Africa.

Yours sincerely

A handwritten signature in cursive script that reads "Kristine Pearson".
